All,

- Attached is the profile in Excel.

(See attached file: Profile of Complying Rod Bait Sta Prods, 8-1-2011.xlsx)

- I have hidden the product name so that the document will fit on one landscape page at 8 pt type.
- Make sure to print with Gridlines in Page Setup to keep the entries clear.
- I have all the last accepted labels in a single location if anyone wants to see them.
- In most cases, PPLS also has the last accepted label.

Thank You,

Daniel B. Peacock, Biologist
